

Simpler Solution. Better Payouts.

Use Allied Wallet's Prepaid Card to quickly issue payouts to affiliates, sales representatives, and more.

KEY FEATURES

PREPAID PAYOUTS / FEATURED PRODUCT

Allied Wallet takes payouts and simplifies them for you and your cardholding sales team members or affiliates. With your Allied Wallet account, you can payout your cardholders in our easy-to-use dashboard. Our MasterCard prepaid cards are accepted at over 30 million merchants worldwide in over 196 countries, giving you and your users full spending capability at any MasterCard accepting retailer.

AUTHORIZED ISSUING

While many prepaid cards are marketed by or sales agencies, Allied Wallet is an authorized e-money institution and Principal Member of MasterCard. We control the costs and capabilities of our prepaid card. Our multi-currency line of products reduce costs and offer a variety of payout tools.

SAFETY COMES FIRST

In today's rapidly changing world, it is critical that your payment solutions set a standard of security. Our EMV chips offer the most secure type of payment card and every card we offer is protected by Chip and Sign. We are also PCI-DSS Level One certified and have an aggressive fraud monitoring system.

CHOOSE A SOLUTION THAT WORKS

Your business depends on a dependable, competitively priced payout solution. We encourage you to compare our solution with any other prepaid card solution available. You'll find that our MasterCard prepaid cards offer a state-of-the-art payout solution with powerful tools enabling you to manage your account right at your fingertips with our online and mobile dashboard.
