KEY FEATURES

MOBILE CARD SWIPE / FEATURED PRODUCT

Allied Wallet Swipe gives you the ability to accept every major credit card on your mobile phone or tablet by using our proprietary device. By plugging the device into your phone and downloading the Swipe app, you'll have a point-of-sale solution to go with your online merchant account.

SWIPE APPLICATION

Download the Swipe app and you can sign up for a new account, or manage and monitor your existing account. With in-depth reporting tools, you'll always have the ability to be in sync with your payment processing gateway.

SECURE AND CERTIFIED

Our Swipe device is EMV and PA-DSS Compliant, ensuring that you have an updated, secure solution. Your Allied Wallet Swipe device will allow you to swipe payment cards or even accept Chip and Sign transactions.
