Allied Wallet strives to simplify the consumer experience by providing cost-effective, turnkey payment solutions while inspiring confidence in customers. By providing bespoke payment solutions through innovation, Allied Wallet aspires to uphold a standard of interoperability, quality, and security.

MISSION

GLOBAL PRESENCE

Allied Wallet is a global leader in e-commerce merchant services and payment processing solutions.

With multiple locations around the globe, our team offers users the lowest rates paired with the most secure and most innovative payment service technology. With our streamlined gateway and 24 hour customer service, Allied Wallet has been a trusted solution since 2002.

100+ MILLION CURRENT ALLIED WALLET USERS

CONSUMER CONFIDENCE

With technology rapidly advancing, e-commerce has put its footprint on its share of billing statements. According to a survey conducted by Parade Magazine, about 85% of internet users are also frequent internet shoppers. Of this percentage, 61% feel that their personal information is safe.

Allied Wallet aims to sway the final 39% of users to feel safe about their purchases, so long as we are the service provider.

The Allied Wallet Way

A great business opportunity can emerge overnight and every day spent setting up your business is another dollar lost in sacrificed sales. Allied Wallet has the ability to enable live credit card processing in as little as 12 hours. Take your ideas and use momentum to your advantage today.

WE ENABLE LIVE PROCESSING WITHIN 24 HOURS

Our industry-spanning relationships enable us with the ability to streamline not only the payment process, but also the long-winded process of obtaining the tools youll need to manage your e-commerce business. In competitive models, a merchant needs to acquire a merchant account. a payment processor, and a shopping cart solution. Acquiring all of these services could take several months before your developer could even integrate them into one solution. Allied Wallet consolidates these services and saves you time and money. Our API offers merchants the safest and securest payment processing with the widest feature set and our services are integrated with every major shopping cart solution. Well even integrate your website for you.

When you choose our solution, you choose seamless functionality. When you choose Allied Wallet, you see maximum profitability. Start selling your goods and services more simply.

WHEN WE SAY LESS THAN 24 HOURS, WE MEAN LESS THAN 24 HOURS.

Allied Wallet offers preapproval 6 hour

Allied Wallet's merchant ID service depletes the hassle of acquiring a merchant account. You can be live in 24 hours vs. 4-6 weeks.

Converting currency can be difficult or even impossible with some payment processors. Allied Wallet manages all your currency conversions with no conversion or maintenance fees.

Employing a customer service team can be costly and self management can be time consuming. Allied Wallet's team is available to your customers 24 hours a day.

Contracting a developer for your integration can be costly and sometimes unreliable. Allied Wallet will integrate your site for you at no additional charge.

Certified // Secure With our services, merchants can accept payments in 164 currencies and settle in 25, with no conversion fees. Offering products to a global community becomes effortless when Allied Wallet takes care of your payment processing.

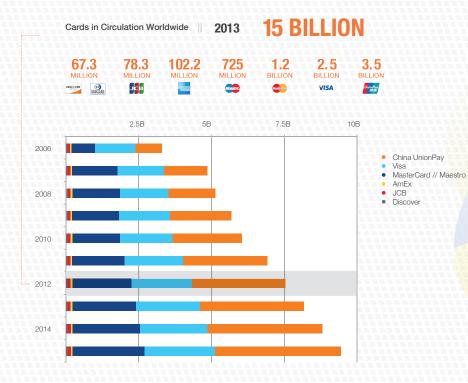

With the benefit of highly competitive rates Allied Wallet's team of experienced underwriting professionals ensure a speedy, reliable and efficient application, underwriting and boarding process, without compromising our rigorous KYC and compliance processes.

All of Allied Wallet's payment services come with real-time fraud screening, thus helping to address risk and fraud across our merchant's entire customer life cycle. As an industry leader in risk management, our experience and expertise can help limit losses while maintaining a high level of customer satisfaction in the face of increasing and emerging fraud trends. We offer highly customised, innovative solutions that enable our merchants to stay ahead of trends to effectively manage risk and detect, prevent and reduce fraud.

Our products enable you to set up the payment style that is most appropriate to your business model. Allied Wallet's service seamlessly and transparently integrates into your existing e-commerce platform and offers the ability to see real-time account activity.

Allied Wallet is PCI DSS (Level 1) compliant, and has been certified by Visa, MasterCard, Bank of America, Financial Services Authority, and First Data. Allied Wallet has industry leading Anti-Money Laundering policies, and has been registered as an Acquiring Payment Institution by the Financial Services Authority in the UK.
